Jessica O’Callaghan—Yr 6

The water was relaxing and nice. My teacher was good and was easy to understand.
Some of the people in my group loved the heated pool—we only went in once, and the others loved the bigger pool—we stayed in for the rest of the time. We got to wear flippers and life jackets with the flippers—we all looked like ducks and sounded like ducks too. Wearing life jackets made us all look like we all had big muscles! One thing that my group had improved on was to tread water. Shona Charles Yr 5.

I liked it when I got to dive into the deep end. Lana Law Yr 3

I liked it when I got to meet my teacher and get to do fun activities and play games.
Makailee Weltman Yr 3
