YEARS 4/5

During the final few weeks of this term the year 4/5 students have participated in several fantastic activities.

The highlight would have been the excursion to the Adelaide Showgrounds.

Our class had an exclusive tour of the grounds, had a browse through the museum and learnt about the underground tanks and solar panels which have been put in to help the Showgrounds become more sustainable.

Students also completed their inquiry tasks.

Students researched a chosen public place and reported on some of its history, who and how it is looked after, and compared this public place to their homes.

Students chose places such as the Adelaide Showgrounds, AAMI Stadium, Starplex, Good Shepherd, the Adelaide Zoo, Gawler Hospital and the Angaston Oval.

YEARS 6/7

The year 6/7 class had an opportunity to put their learnt drama skills into action with the performance of their plays.

The students performed the scripts that they had written themselves to their peers with appropriate costumes and props. Great enthusiasm was shown by all students in the practise and creating phase of the assessment piece and to the students credit they performed with confidence.

We hope to incorporate the videoed performances into our Student Led Conferences in term 3. It is wonderful to see the students using their drama skills outside of the classroom, putting what they have learnt into action!

Several students have decided to use the drama games and skills we learnt to teach the younger students during lunch times in an effort to serve the community.

There are photos of Jessica and Harriette running drama workshops at lunch time.
