In recent weeks members of the school’s marketing sub-committee have been meeting with various marketing professionals to determine the best way to promote our school into 2017 and beyond. Invariably they all ask the same question in slightly different ways: ‘Who are you?’ ‘If Good Shepherd were a person what would be her identity?’ ‘What is the spirit of the school?’ All good questions. What indeed is the spirit of our school? How do we define it? How do we nurture it?

I believe the first question has been well answered through recent surveys, conversations and through formal and informal feedback which we receive on every level. The spirit of our school is caring, relational and committed where people go above and beyond. There is a deep and genuine desire to support each other, our children, their families and all within our community.

Fine words but what does this look like in real day to day terms? It looks like simple things, greeting each other by name whether or not our kids are in the same classes. It looks like leaving flowers on the teacher’s desk because you can see she’s had a full on week and you know how much she loves them. It looks like a note in your child’s diary telling you what a fantastic day they’ve had or their latest achievement. It looks like open doors and accessible staff throughout the school.

Sometimes it involves more. The staff member that responds to your email on their weekend or late at night because they worry that you won’t sleep otherwise. The parents that quietly give up their Sunday afternoons to gather in EDEN and work on various jobs. The class carers who coordinate meals and support. The countless volunteers in the classrooms, library, uniform shop and canteen. The teacher that opens their class in the holidays and makes themselves available to give extra support to students for the Exhibition.

Can we do more to nurture the spirit of our school, yes of course we can. Believe me when I say this is something very precious about our school and we don’t ever take it for granted. Through the framework of the Wellbeing sub-committee we are always monitoring the spiritual health of Good Shepherd and we enjoy planning new ways to improve the school as well as enhance the traditions of Good Shepherd which we all love. House forums, SRC events, ‘just because’ gestures, P and F events, clubs and special spirit of school events such as last years mini-Olympics are just a few examples. There are literally dozens of special days and activities that are part of the story of ‘who we are’ and this year we are adding a new one. Because we are a family we are going to celebrate the start of an exciting new year together as families do, with an outing.

It will be a whole school excursion to Woodhouse. We are very excited to be starting a wonderful new school year in this way and look forward to an awesome day of fun, fellowship and new friendships. If you have ideas to nurture the spirit of our school or would like to be a part of the Wellbeing sub-committee please come and chat to me. I would warmly welcome your input.

Dear Parents,

I hope that you had a blessed Christmas with your family and a relaxing start to the new year. I would like to take this opportunity to warmly welcome you back to school or, if this is your first year at Good Shepherd, welcome to our school family. We are very glad that you have joined us and look forward to getting to know you better. Our Parents and Friends have planned a couple of events to help you get better acquainted and support you in making friends within our school community. The first is February 15th where families are invited to share in a barbecue tea together in the playground before the first parent information session at 6.30. Bring your own meat, salads and drinks. There will be barbecues available to cook the meat. The second event is a ‘just because’ pancake breakfast in our Shepherd’s Hub on February 28th. This is a great time for families to relax and mix over breakfast and make some new friends. No need to bring anything, our ‘just because’ events are about ‘fun raising’ not ‘fund raising’.

I am delighted to say that several of our new families have started at Good Shepherd because of the recommendation of current families who are happy with the school and willing to share their positive experiences. We’re not a ‘hard sell’ school, we love it when our families share the great things that are happening here and give other families the information needed to make the right decision for their children. Filling places assists us in keeping costs down, maintaining existing programmes and providing new learning opportunities too.

Direct recommendation can go a long way to supporting and building a school and I am very grateful to families who do this. But it got me thinking, we should be doing this for each other. Lots of our school families run small business of one sort or another. Last summer I had some paving done by Nathan Kubisch. He did an excellent job. This summer we had a small deck built by Grant Brandon, I was very pleased with this job also. I have also had some work done on precious Kermy and my husband’s car by Roger Heinrich, he did a fantastic job. My point is, given the choice, I would always want to support one of our school families and I bet you would too. So how can we make this happen? The school is going to put together a business directory of the various businesses our families are involved in. Shortly, every family will receive a letter about this project inviting them to give a brief summary of their business, contact details and a logo. The business directory will be a small booklet that families can refer to when they need something done. The plan is to update it on an annual basis. We hope it will be very successful in helping our families businesses.

Here’s to a very blessed 2017!

Family supporting family.

There was a great deal of squeals and laughter coming from the corridor on Tuesday afternoon as the Year 6/7 Mrs Hooker’s class worked on their team skills. Students worked together with ‘no pushing or shoving’, ‘keep up-no lagging behind’.

It was not a quiet afternoon to work in the Administration Office—but it was happy noise!

MONSTER TRUCK VISIT

Students were fortunate to have the Monster Truck ‘Scooby-Doo’ come to visit. We were hoping for it to come off the trailer and rev its motor for us—but it was not to be. With the motor having 150+ decibels of noise on start up we believe it may have upset the neighbours! ‘Charlie’ was able to give lots of specifications about Scooby-Doo, eg costing $1/4 Million to buy. It costs $1,000 front wheels & $4,000 back wheels. Students were invited to ask questions—Priya “How do you get up there” was a very good question!

FAMILY BUSINESS DIRECTORY

Good Shepherd would like to support our families in business by producing a Family Business Directory.

If you would like to be included please supply the school with your Business Card or Logo and details.

We have not decided on a design as yet—stay tuned!

VINTAGE FESTIVAL PARADE 2017

Help!

Vintage Festival is coming soon and that means Vintage Parade, and Vintage Parade means defending our honour, or at the very least retaining the impressive shield that we won last time for best community float. There’s only one small problem, actually it’s quite a big one, I’m absolutely rubbish at sewing, can’t drive a truck and I certainly can’t conjure up a grapevine out of papier mache and a Hills hoist! These are all vital skills that I missed out on at Principal School. I need your help and I need it desperately. So if you are artsy, creative, enthusiastic and would like to join me in creating an ‘awesome vision of loveliness’ for our 2017 float please come and chat to me.
